STATESVILLE, N. C.

IREDELL COUNTY

PREFACE

POPULATION: Based on 1940 Census—14,448. Directory population of city, 1947—19,630.

RAILROADS: Southern and Alexander Railroad Companies.

HIGHWAYS: State Routes, Nos. 10, 26, 90 and 115. U. S. Routes, Nos. 21, 64 and 70.

AVERAGE RAINFALL: 61.25.

AVERAGE TEMPERATURE: 60.8.

ELEVATION: 960 feet.

LOCATION

The City of Statesville is located in Western North Carolina, midway between Virginia and the South Carolina state line. It is the county seat and practically in the center of Iredell County which lies in the heart of the Piedmont industrial section of North Carolina. Charlotte is 40 miles to the south while Raleigh, the state capital, is 150 miles to the east. The surrounding country is high, rolling, well drained; drainage empties into the Catawba River some 10 miles to the Southwest. A perfect network of national and state hard surface highways radiate from Statesville, including routes from the Atlantic to the West Coast, Great Lakes to Florida, to Blowing Rock and mountain sections, and all points in and out of the state.

Bus service furnished by the Queen City Coach Company, Atlantic Greyhound and Parkway Bus Lines provide 76 daily schedules in all directions out of Statesville. City wide bus service by Statesville Motor Coach Company operating seven busses provide schedules 15 hours daily with special daily schedules to Troutman, Union Grove, Harmony and Taylorsville. Numerous motor truck lines operating out of and through Statesville, together with the Railway Express Company, provide frequent and rapid freight and express service.

CLIMATE

Statesville and the surrounding country enjoy the splendid climatic conditions of the well-known Piedmont Section. The high plateau, protected by mountain ranges, provide a mild even climate, free from prolonged extremes of temperature, with generous but not excessive rainfall. There is no interference with outdoor activities from freezing or snowfall. Destructive winds are practically unknown. The elevation and temperature combine to provide healthful living and industrial conditions.

BUSINESS INSTITUTIONS

Two state banks serving the local commercial and industrial requirements with an industrial bank for individual needs show resources of \$18,911,530.97. In addition two building and loan associations have

(Continued from Page Seven)

resources of \$1,609,984.71 available for home and business construction. Some 300 retail and service establishments serve the city and a wide surrounding area.

RAIL TRANSPORTATION

Rail transportation service is afforded by the Southern Railway System and the Alexander Railroad. Connections at Spencer Transfer 30 miles to the east provide quick freight service to all the principal markets and to the southern coastal cities. Passenger train service is provided by convenient schedules. Excellent undeveloped industrial sites are available within or immediately outside the city limits with all utility services, highway and railway advantages.

LABOR

A splendid type of labor is available in this section. Over 100 manufacturing industries employ a large number of labor, male and female. A wide range of skilled classifications are included, for the reason that present industrial activities are widely diversified. However, the larger portion of the workers are experienced in textiles or wood-working, these being the predominating industries at present. The basic industry of Iredell County is farming and with the advent of the Carnation Condensery in 1939, dairying and cattle breeding has become a major agricultural industry.

A large potential labor supply is available in Statesville and immediate surrounding communities. Unskilled workers from this vicinity because of unusual intelligence are easily trained and make dependable, skilled workers. New industries can be staffed without importing workers from a distance. There is no labor disturbance or agitating elements in this area; destructive strikes are unknown. Manufacturing wages of course conform with the various national codes.

ELECTRIC POWER

Electric current for power and light is furnished to domestic and industrial users of Statesville from the vast power developments of the Duke Power Company with distribution through the City's Light and Power Department, up to and including 21,562,300 K.W.D. for the year of 1947. Power is brought into Statesville over three transmission lines owned by the Duke Power Company. The quantity available is unlimited and the rates to industrial users favorable.

FUEL

Coal for industrial purposes is available to Statesville from the Tennessee, Kentucky and West Virginia fields. Gas for domestic and industrial use is available through the Public Service Company of North Carolina from their local plant.

WATER SUPPLY

The city's water supply is taken from near-by streams, from which it is pumped to setting basins. The water after filtering passes to a stand-pipe of 150,000 gallons capacity. Present capacity of water plant is 2,500,000 gallons daily with 1,000,000 storage at plant. At the present

(Continued on Page Ten)

(Continued from Page Nine)

time a 3,000,000-gallon plant is under construction. A modern sewage disposal plant is employed, its capacity being adequate for years.

TAXES

The city and county tax rates in effect in Statesville are moderate when the services to its citizens are considered. The city rate is \$1.40 and the county \$1.30 per hundred on an assessed valuation equivalent to 75 percent of estimated actual values. No special taxes.

EDUCATION

An excellent public educational system is maintained in Statesville. The grammar schools are housed in three modern, fire-proof buildings; fully accredited high school and junior high school housed in their own up-to-date buildings. Two schools are provided for those of the colored race. The total enrollment in these schools is 2,852 which is cared for by a teaching staff of 95 people. Statesville is the seat of Mitchell College, a co-educational institution sponsored by the Presbyterian Church and now in its 91st year.

CHURCHES

All the principle religious faiths are represented by churches in Statesville for both white and colored citizens.

ATTITUDE TOWARD INDUSTRY

The City of Statesville is an old established community, its charter being dated January 9, 1847. While it is the present home of a number of old and important industrial enterprises, its alert citizenry are alive to the advantages of further industrial development and the opportunities available here for new industrial activities. Prospective industrial undertakings will find local business men, as represented by an active, fully staffed Chamber of Commerce, eager to extend intelligent cooperation. No local governmental restrictions or handicaps are placed in the way of new enterprises, but on the other hand local government and business officials cooperate in planning favorable industrial surroundings.

CITY GOVERNMENT

The municipal government of the City of Statesville is maintained on the Aldermanic Plan, its body being composed of eight Aldermen in addition to the Mayor. The city government protective services include well organized Police and Fire Departments. The police force is composed of twenty full time paid day and night men selected through Civil Service appointment. The fire department maintains ten paid men and a volunteer corps. The equipment consists of two American-La France 1750 gallon combination pumpers, one Dodge 500 gallon pump and 400 gallon storage tank, one Dodge ladder truck and one American-La France hook and aerial ladder truck.

There are 320 fire hydrants in which full water pressure is constantly maintained. The city maintains some 35 miles of paved streets, complete with sidewalks. White way lighting is maintained on main streets, and adequate lighting is provided throughout the city.

FOR DETAILED INFORMATION, address R. D. Warwick, Executive Secretary, Statesville Chamber of Commerce, Statesville, N. C.

COPYRIGHT LAW

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding 1 year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

MILLER'S Classified Business Directory —OF— STATESVILLE, N. C.

VOL. XVII

1948-1949

VOL. XVII

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

 Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

MILLER'S Street Directory —OF— STATESVILLE, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE
AND DENOTING BUSINESS PLACES

VOL. XVII

1948-1949

VOL. XVII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(*)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

FIRE ALARM BOXES

If a box is not near you, call FIRE DEPARTMENT and give exact location of Fire. The Call Box number is determined by the slight pause in the alarm between the numerals; for instance two alarms, pause, one alarm, pause, three alarms means the call is from Box 213. The first call number can be quickly located, as the 1s, 2s, 3s, etc., are grouped together on this page. The full alarm is repeated four times with long pause between each full alarm.

L. M. GAITHER, Fire Chief.
